

Online Book Club

Dear Bats: The Creepy Cave Caper

Bring It To Life!

1. Let's go on a treasure hunt! Ask each book club member to hide a secret surprise somewhere. Then have each member draw a map to their surprise using some ancient Indian symbols that they create. Don't forget to tell them how to get back to their starting place! Good luck treasure hunting!
2. Get Batty! Have each member of the book club research a different type of bat and present what they learned to the rest of the group. Then, discuss some reasons why most people are afraid of bats.
3. Are you ready to go spelunking? Have each member of the book club create their own spelunking kit with a bottle of water, a helmet, a flashlight, and some extra batteries. When each member has their kit assembled, use your flashlights to find some treasure!
4. Create your own parabolic listening device! You will need a clean, empty vegetable can and some long pieces of thin rope (long enough to stretch across a room). Ask a parent to drill a small hole in the bottom of the cans. Then, tie two cans to each other with one long piece of rope. Pick a partner and stand at opposite sides of the room. You'll be able to hear your partner talk like he or she is right next to you!
