The Behemoth Blizzard Mystery

Bring It To Life!

1. Make it snow! Take white pieces of paper and fold them in half. Along the crease of your fold, cut out pretty designs. Unfold the paper and cut the rest of it to your favorite shape of snowflake!
2. Nick and Curie loved to play their Snow Facts game. What's a topic you know a lot about? Divide into groups and play a game using facts from your favorite subject!
3. Blizzards are accompanied by fierce, howling winds. Play this game called, "A Strong Wind Blows." Set up chairs in a circle with one person left over to stand in the middle. The person in the middle says, for example, "A strong wind blows for anyone who loves macaroni and cheese!" Then, anyone sitting in a chair who does love macaroni and cheese must get up and run to another chair. Whoever doesn't make it to one of the chairs is the next person in the middle to make the wind blow!
4. Nick and Curie felt like "walking snowmen" during that blizzard! Make your own snowmen. Design, color, glitter, and cut out your very own creative examples of snowmen. You can even make a portrait of yourself as a snowman!
