## The Mystery of Mimi's Haunted Book Shop

### Bring It To Life!

1. Create a word search! Ask for a volunteer who is willing to make a crossword puzzle using words from the book. Start with the names of the main characters, followed by some places the kids explore in the book (like the attic and basement), and then throw in some "mystery words" you read in the story like spooky, cobwebs, or ghosts!
2. Draw it! Below is a list of three things you could draw related to this mystery. First, you could draw the old funeral home before the family fixed it up. Second, you could draw Wilbur. Or third, you could create a floor plan of Mimi's new book shop. Make sure you include a front reception and check-out area, rooms for different types of books, a kitchen, and bathrooms.
3. Plan a Grand Opening party for Mimi's Haunted Book Shop! Choose a date and time. Decide who to invite. Plan a menu for snacks and drinks. Create spooky decorations! Think of some games to play and select door prizes for guests. Make it a party to remember!
4. Make a map! Use the Internet to find out how far your town is from Mimi's Haunted Book Shop in Peachtree City, Georgia. Then, draw a map of the United States on a piece of poster board (include all the states). Draw a line from your town to Georgia. How many states will you pass through?
