

ALL-IN-ONE!

Westward Expansion Middle School Teacher Instructions and Reproducible Activity

Students will research the supplies carried by pioneers in their covered wagons. Then they will draw the supplies in the wagon provided on the reproducible worksheet. Another option is for students to list the supplies inside the wagon.

Supplies needed: worksheet with covered wagon, textbooks, notes, and any other available reference materials (or Internet access), colored pencils, crayons, and dark pens for writing

Directions:

1. First, hand out the worksheet with a covered wagon on it.
2. Next, have students write their names on the back of the worksheet.
3. Instruct students to look in their textbooks or consult any other available reference materials to find out what pioneers carried in their covered wagons.
4. Once they have completed their research, students will draw these items inside the wagon, or make a list of them inside the wagon. (Have them use dark ink if they write a list.)
5. Instruct students to color and decorate the entire wagon.
