

ALL-IN-ONE!™

Landforms

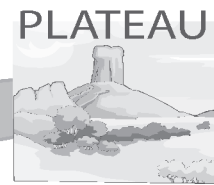

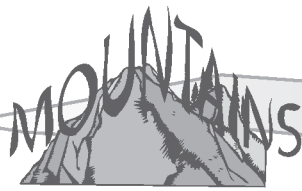

Elementary School Teacher Instructions and Activity

Students will describe and illustrate a landform on a reproducible sheet.

Supplies needed: pencil, crayons or colored pencils, reproducible sheet

Directions:

1. Assign each student a landform from the landforms listed in the bulletin board set, or let each student choose a landform.
2. Pass out the reproducible page labeled: Landforms of the United States
3. Ask students to fill out the blanks on the sheet and draw their landform.
4. Ask students to present their landform to the class and then hang the sheet on the bulletin board.

Landforms of the United States

My landform is: _____

Description of my landform: _____

My landform can be found: _____
