

Rhyme Time!

A poem that rhymes can be fun to write. The challenge is finding the right word at the end of the second line that rhymes with the word at the end of the first line.

Example: I write poems all the time,
And I like using words that rhyme!

Rhyming poems have lines that end in words that sound the same.

Let's make rhyming words! Place your pencil through one end of a paper clip. Put the tip of your pencil in the center of the spinner below. Spin the paper clip. When the paper clip stops spinning, come up with a word that rhymes with the word your paper clip is pointing to. Do this several times and see how many rhyming words you can think of.
